Since the early 90's Shaxon Industries has been committed to developing and expanding our US based manufacturing capabilities. We started the process by bringing molding machines to the US to provide short-run and prototyping capabilities and have continued to increase tooling options, testing ability and additional manufacturing teams covering fiber optic cables and specialty coaxial cables.

Whether our customers require products with NAFTA or TAA compliance, fast turnaround leads or competitive minimums, we strive to offer the most economical and practical solution to the specific product need. Contact Shaxon for Made in the USA needs today!

Pre-bundled cables save time and hassle in various installation environments. Let us work with you to design the cable, breakout, and labeling you require to simplify your cable needs.

Whether your requirement is category cable, coaxial or fiber optic we make your commercial, datacenter or specialty installations easier!

SHAXON INDUSTRIES, INC

WHO WE ARE...

Established in 1978, Shaxon Industries is a California-based manufacturer of voice and data products including: premise wiring products; fiber optic assemblies and enclosures; custom cable assemblies; computer peripheral assemblies; audio/video assemblies; and bulk cable, connectors and other consumable products.

Shaxon is uniquely capable of supplying both competitively priced, globally sourced products as well as engineering-intensive custom cable assemblies, panels and fabricated items with short lead times and attention to quality.

We feature the same over-molding capabilities in Anaheim, California as we do in our factory in China for 100% seamless global production.

A COMMITMENT TO QUALITY

Shaxon Industries has adopted both the ISO 9001 standards program as well as the IPC/WHMA certified training program in addition to many other certification and testing programs in order to meet our quality goals. The result of these measures is improved accountability, organization, manufacturing consistency and quality.

LOGISTICAL STOCK

We are structured to meet the demands and needs of our valued customers by maintaining a central inventory in Anaheim, California, as well as supporting the east coast with logistical stock through our latest stocking hub in Jacksonville, Florida. Shaxon Industries products are also available through many national and regional distributors from coast to coast.

OUR CUSTOMERS...

Shaxon Industries specializes in the support of wholesale distributors and O.E.M's who provide cabling and connectivity products, we do this by providing our customers with technical support, product development and a flexible manufacturing process.

OUR COMMITMENT TO YOU:

- High quality products at competitive prices
- The best customer support
- The widest variety of products available
- The easiest access to custom products
- The most competitive lead times in the industry
