

GLOBAL SOURCING, CALIFORNIA MANUFACTURING

Since the early 90's Shaxon Industries has been committed to developing and expanding our US based manufacturing capabilities. We started the process by bringing molding machines to the US to provide short-run and prototyping capabilities and have continued to increase tooling options, testing ability and additional manufacturing teams covering fiber optic cables and specialty coaxial cables.

"Our manufacturing and engineering capabilities allow us to bring our customers design concepts to completion."

Whether our customers require products with NAFTA or TAA compliance, fast turnaround leads or competitive minimums, we strive to offer the most economical and practical solution to the specific product need.

Contact Shaxon for Made in the USA needs today!

Fiber Cables (Fiber Optic Patch Cords)

- o Large selection of lengths and types in stock
- o Custom lengths and colors available
- o Simplex and Duplex available
- o Singlemode, Multimode 62.5/125, 50/125 and 50/125 10Gig OM3 and OM4 available
- o UPC, APC available
- o ST, SC, FC, LC, Keyed LC, SMA, Biconic, MTP, Unterminated
- o PVC and Plenum available
- o Custom bagging, labeling, kitting available

Fiber Cables (Multifiber Cables)

- o Various fiber counts available
- o Custom lengths and colors available
- o Custom and standard breakouts available
- o Singlemode, Multimode 62.5/125, 50/125 and 50/125 10Gig OM3 and OM4 available
- o ST, SC, FC, LC, Keyed LC, SMA, Biconic, MTP, Unterminated
- o PVC and Plenum available
- o Custom bagging, labeling, kitting available

Copper Cables (Trunk / Hydra Cables / POTS)

- o Custom wiring and lengths available
- o Lucent and AMP connectors/hoods available
- o 25 pair and 32 pair assemblies available
- o Cat5e and Cat3 available
- o Non standard hoods and cable exits available
- o PVC and Plenum available
- o Molding available in California*
- o Custom bagging, labeling, kitting available
- o Solid shielded and non-shielded available
- o Category 3 and flat satin standard and custom assemblies available

Copper Cables (Coax)

- o 734/735 DS3 available
- o LMR-100, 195, 200, 240, 400, 600 available
- o SDI Video Cables
- o Available connectors include BNC, F, SMA, SMC, MCX, MMCX, TNC, FME, SMB, TWINAX, reverse polarity connector, etc.
- o Custom wiring and lengths available
- o PVC and Plenum available
- o Molding available in California*
- o Custom bagging, labeling, kitting available

Copper Cables (USB and Firewire)

- o Large selection of lengths and types in stock
- o Molding available in California*
- o Standard and custom molds available
- o Custom wiring and lengths available
- o PVC and Plenum available
- o Custom bagging, labeling, kitting available
- o Molded adapters available

Copper Cables (VGA / SVGA / BNC)

- o Large selection of lengths and types in stock
- o Molding available in California*
- o Custom wiring and lengths available
- o Standard and custom molds available as well as assembled hoods
- o PVC and Plenum available
- o Custom bagging, labeling, kitting available
- o Molded and assembled adapters available

Copper Cables (HDMI)

- o Large selection of lengths and types in stock
- o Custom wiring and lengths available
- o Custom bagging, labeling, kitting available
- o Molded adapters available

Copper Cables (SCSI)

- o Large selection of lengths and types in stock
- o Molding available in California*
- o Custom wiring and lengths available
- o Available connectors include DB25, CN50, HPCN50, HPD50, HPD68, VHDCI68.
- o Standard and custom molds available as well as assembled hoods
- o PVC and Plenum available
- o Molded adapters available

Copper Cables (Serial Cables)

- o Large selection of lengths and types in stock
- o Custom wiring and lengths available
- o PVC and Plenum available
- o Available connectors include DB25, DB15, HD15, DB9, HD26, DB37, HD44, DB50, HD78, V.35, etc.
- o RS232, 449, 530, etc. available
- o Molding available in California*
- o Custom bagging, labeling, kitting available
- o Molded and assembled adapters available (DB37-DB25, DB25-DB25, DB25-DB9, etc.)

Copper Cables (Category 5E, 6, 6A UTP and STP Patch Cords)

- o Large selection of lengths and colors in stock
- o Custom wiring and lengths available
- o PVC and Plenum available
- o Molding available in California*
- o Multi cable bundling available
- o Custom bagging, labeling, kitting available
- o Solid and stranded UTP and STP available
- o 110 connectors available

Copper Adapters (Modular to D-sub)

- o Large selection of Modular adapter kits in stock
- o DB25, DB9, DB15 / RJ12, RJ45, 10P10C
- o Assembled and molded available custom wired
- o Custom bagging, labeling, kitting available

Copper Cables (Cat 6 and Cat 6A Slim Jacket Cat 6 Ultra-slim Jacket Patch Cords)

- o Large selection of lengths and types in stock
- o Custom wiring and lengths available
- o Multi cable bundling available
- o Custom bagging, labeling, kitting available

Copper Cables (Cisco)

- o Large selection of lengths and types in stock
- o Custom wiring and lengths available
- o PVC and Plenum available
- o Available connectors include SS26, LFH60, DB25, DB37, DB15, HPD68, LFH160, LFH200, etc.
- o Molding available in California*
- o Standard and custom molds available as well as assembled hoods
- o Custom bagging, labeling, kitting available
- o Molded and assembled adapters available

Copper Cables (Power Cords)

- o Custom capabilities including IEC60320-C13, C14, C15, C19, C20, 5-15p, L5-15p, etc.
- o SJT, SVT, SOOW, STOW, SJOOW, etc.
- o Marine Grade Cables
- o Portable Outlet Box Assemblies
- o Custom PDU Whips
